# Make a Splash

**Puppy Pool Party** is a high energy Summer collection, filled with fun characters enjoying all the joys of a Summer holiday. Sunshine, sandy beaches, splashing in the pool and delicious ice creams. This collection was designed during the early stages of lockdown, when the sun was shining, the paddling pools were out and almost everyone I knew had a cute new puppy.

From this came the idea that all the puppies got together to throw fun pool parties with **great big inflatables** and **cool shades**. We were all looking for escapism during this hard time and I hope that this collection expresses those small moments of joy we all experienced in one form or another.
